

# 講義日程

20110430

- 4/12 Scope of Heterocyclic Chemistry, Naming
- 4/19 Heterocyclic Compounds in Nature
- 4/26 Synthesis of Heterocycles – Intramolecular Cyclization (1)
- 5/3 Synthesis of Heterocycles – Intramolecular Cyclization (2)
- 5/10 Synthesis of Heterocycles – Cycloaddition
- 5/17 Aromaticity and Other Special Properties –  $\pi$  Deficient System
- 5/24 Aromaticity and Other Special Properties –  $\pi$  Excessive, Mesoionic
- 5/28 The Importance of Heterocycles in Medicine
- 5/31 Synthetic Methods for Prominent Heterocyclic Families (1)
- 6/7 Synthetic Methods for Prominent Heterocyclic Families (2)
- 6/14 Synthetic Methods for Prominent Heterocyclic Families (3)
- 6/18 Geometric and Stereochemical Aspects
- 6/21 Agricultural and Other Applications
- 6/28 Topics (1)
- 7/5 Topics (2)
