Factory Study Tour (No. 1);

HONJO BOSAI-KAN (Life Safety Learning Center)

<http://www.tfd.metro.tokyo.jp/ts/hj/honjo.htm>; (in Japanese only)

Aim ; It is said that Japan is the safest place to live a life in the world. But there are many kinds of natural disasters such as a typhoon, an earthquake, tsunami that a catastrophe hit the eastern part of Japan on 11 March, 2010.

The purpose of this FST is to learn how to live your life safely and comfortable while staying in Japan, by means of visit in one of the largest life safety learning centers presented by Tokyo Fire Department in Japan. Through this FST, you will be able to have unusual and virtual experiences such as a typhoon rainstorm, fire smoke maze in a laboratory and virtual earthquake in a house. It is fun!
