

# To International Students

Jan. 9, 2012 [FST50-120109.doc]

Factory Study Tour (No. 5);

## Toray Company

<http://www.toray.com/index.html>

Aim ; This FST No.5 is final in this semester, 2012. We focused on a company producing a series of advanced materials vehicles companies in Japan. Toray, one of companies related to materials, concentrates the business in fibers, textiles, plastics and chemicals. Especially, Toray's carbon fiber composite materials business supplies PAN-type carbon fiber used in aerospace, for instances, Boeing 787 and Airbus. This material will urge a change to the aviation industry for high intensity and lightness. Mishima factory of Toray produces a variety of life science materials.
