Reading and Exercise # 3
Sustainable Development and the Need for Strategic Responses

1. Read the following article.

Sustainable Development Strategies: A Resource Book, OECDUNDP (2002)
Chapter 2: Sustainable Development and the Need for Strategic Responses

2. Answer the following questions.

Q1: Former part of this chapter summarizes the challenges of environment and development in 16 issues. In your opinion, what are the major difficulties to be tackled in the field of development?

Q2: The article indicates the emergence of sustainable development as a common vision (p.11). What is the meaning of sustainable development in this vision?

Q3: According to the article, what is the major significance of Agenda 21?

Q4: Among many development goals, what are the seven major international development goals identified by the Development Assistance Committee (DAC)?
