**Exercise # 5-1**

**Mongolian Case**

1. Study the slides of Mongolian project and other related information covered in class.
2. Share information among group members on the following issues:
  - Objectives of the project: overall goal and project purpose
  - Stakeholder analysis in this project context
  - Mongolian characteristics
  - Project focus: Teacher training using ICT
  - Discussion: what “sustainability” means in this project context?
3. Based on your stakeholders analysis, decide on major and important stakeholder groups in this project
4. *Develop the list of questions to test the effectiveness, feasibility and sustainability when developing local teaching materials using ICT in rural Mongolia.*
5. Present the findings in class. (forthcoming weeks)
